Thank you for purchasing our product! We hope that your new ***CellSet*** gives you many hours of clear and comfortable operation.

This product was designed to connect to a Garmin 2820 and a variety of intercoms types. It must be used in conjunction with a KTG Type 2 Intercom Harness, and either a KTG 2820 Stereo/mic/power Harness, or a KTG Mic Harness (each sold and packaged separately).

Connect ***CellSet*** jack **J1** to either the 2820 Stereo/mic/power Harness or Mic harness you purchased.

Next connect ***CellSet's*** jack **J2** to the Intercom Harness you purchased.

Refer to the instructions sheets provided with the Intercom, and 2820 Stereo/mic/power Harness or Mic Harness. Complete those installations.

Mount the box to the bike using tie wraps.

Turn on your audio system and adjust it to its usual settings. Put on your helmet/helmet.
