

# PRODUCT ANNOUNCEMENT

KENNEDY TECHNOLOGY GROUP  
RELEASE DATE: 6/08 - Document #65398R0

Market: All Motorcycles with Auxiliary Audio Input connections and Riders using Bluetooth Stereo Adapters and Stereo Bluetooth Headsets.

**Product:** AuxSwitchADSet

Part Number: 95475

MSRP: USD125.00

Makes Obsolete:

SingleAuxADSet2 , pn: 95409

DualAuxADSet, pn: 95369

Description : Allows user to connect two stereo sources and one alert device source to a bike or bluetooth adapter auxiliary (stereo) audio input.

It provides ground loop isolation on all inputs and has audio detect circuitry to allow it to switch between active input sources.
