

PRODUCT ANNOUNCEMENT

KENNEDY TECHNOLOGY GROUP

RELEASE DATE: 10/17/08 - Document #65414R0

This announcement contains release information on a new *CellSet* Configuration. This configuration allows the user to connect an iPhone to the *CellSet*. It allows the user to enjoy all the stereo functions of the iPhone and make and receive phone calls.

It is also compatible with other cell phones that use a combination 3.5mm stereo/mic headset jack.

[CellSet, GA5000-2M, iPhone](#)
